PROFESSIONAL EXPERIENCE

Village of Homewood, Homewood, IL—IT Support Specialist

September 2025–Present

- Improved IT support response time by approximately 20% for fire, police, and village personnel by implementing mandatory ticket submission.
- Tracked and resolved hundreds of technical support tickets using Spiceworks and NinjaOne.
- Followed FBI and CISA security protocols to identify and address organizational security threats.
- Diagnosed and resolved hardware and networking issues across more than 150 Windows and iOS systems.

Alabama Museum of Natural History, Tuscaloosa, AL—Technical Lead

January 2025–May 2025

- Led a five-person development team using Azure DevOps for version control and Microsoft Teams for project communication.
- Gathered, defined, and negotiated technical requirements with nontechnical stakeholders.
- Contributed more than 50 C#, JavaScript, and HTML code updates to improve site navigation and search functionality.
- Increased website traffic by approximately 30%, helping establish a nationwide standard for ARCTOS front-end development.

Culverhouse Technology Group, Tuscaloosa, AL—Support Analyst I

June 2024–May 2025

- Resolved more than 300 technical support tickets for faculty and staff using TeamDynamix.
- Diagnosed and resolved hardware issues to maintain classroom utilization above 90%.
- Installed and upgraded more than 50 Windows 10 and Windows 11 devices, streamlining setup and configuration.

PROJECTS

GymBro

- Architected an AI-driven workout tracking platform that enables users to log fitness activities and visualize progress metrics.
- Implemented personalized recommendation logic to provide tailored workout routines, improving user engagement and goal tracking.

The Book Bin

- Developed a comprehensive point-of-sale and inventory management system, streamlining transaction processing and real-time inventory tracking for a used bookstore.
- Implemented automated reporting features to provide actionable data insights, enhancing operational efficiency and sales management.

PROFESSIONAL SUMMARY
